Investors should carefully consider the Fund's investment objectives, risks, charges and expenses before investing. For this and other information, please call 800.835.3879 or visit www.amgfunds.com to download a free prospectus. Read it carefully before investing or sending money.

*In light of the 2016 1099s recently received on underlying REITs, and the large dividend paid out in December 2016 to avoid Excise Tax, the Fund has determined that it does not have an income distribution requirement for March 2017.

Effective October 1, 2016, as part of the integration of the former Aston mutual funds into the AMG family of mutual funds, the former Aston funds changed names and certain of the AMG funds changed names as well. In addition, many of the Funds also had certain share class name changes. See the Fund's prospectus for additional information.

Fixed Income Funds are subject to the risks associated with investments in debt securities, such as default risk and fluctuations in the perception of the debtor's ability to pay its creditors. Changing interest rates may adversely affect the value of a fixed income investment. An increase in interest rates typically causes the value of bonds and other fixed-income securities to fall.

Investments in foreign securities are subject to additional risks such as erratic market conditions, economic and political instability, and currency exchange rate fluctuations. Emerging markets may accentuate these risks. Small cap and Micro cap investments are subject to greater volatility than investments in other asset categories.

AMG Funds are distributed by AMG Distributors, Inc., a member of FINRA/SIPC.
